STI: The Best Alternative to Term Deposits

Maximize your returns with a diversified fixed-income portfolio.

Discover the STI: Security and Profitability

The Security Title Investment (STI) is a fixed-income investment solution that offers you the opportunity to generate returns abroad with a fixed annual interest rate of up to 20%. As an advanced alternative to traditional term deposits, the STI allows you to access a diversified portfolio, with guaranteed security through its structure in stocks, commodities, and real estate.

01 Lower Risk: Diversified investment that minimizes exposure to losses.

02 Fixed Income: Fixed interest rate, ensuring predictable returns.

03 Flexible Investment: Starting from $5,000 USD, with no maximum limit.

04 International Access: Possibility of obtaining an international card.

05 No Additional Costs: No hidden fees or charges for establishment or expiration.

WHO IS IT FOR?

The STI is designed for individuals looking for a secure investment with better returns than traditional banking products like term deposits. It is ideal for those who want to diversify their capital in international markets and enjoy tax benefits by keeping their funds abroad.
